Please note: Our factories use the most modern and sophisticated machinery to ensure a perfect make and look for all our garments each time. Whilst all effort is made to achieve the exact standards for all our garments each time but it's because of the human content in the manufacturing process that sometime a garment may have a slight sizing variability. We are confident in bringing this range to you and know that the high quality of our products will continue to impress. Specification measurements in this catalogue relate to the garment dimensions and not body measurements.

QUALITY THAT STARTS WITH TECHNOLOGY

Our collaboration with some of the most trusted fabric mills has allowed us to create state-of-the-art designs in the workwear and safety industry. We proudly craft our collection by tailoring it to our mission of promoting safe and smart working garments.

All AIW products are manufactured from laboratory tested fabrics and treatments that conform with AUS/NZ safety standards. This is to ensure that the comfort and wear of AIW products are of the highest standard, and are suitable for the harshest Australian working environments.

AUSTRALIA AND NEW ZEALAND WORK GARMENT SAFETEY STANDARDS

AS/NZS 4602.1:2011

This standard requires at least 0.2m² of Hi-Vis fabric (AS/NZS 1906.4:2010) on the front and back to meet the day and or day/night standard. Garments designed to this standard have a compliant reflective taping configuration.

AS/NZS 1906.4:2010

We use Hi-Vis materials which are tested to Australian Standard 1906.4:2010 which outlines the requirements for fluorescent capabilities and the chromaticity reading to ensure that bright colours are within the required colour range.

AS 2001.2.18-1987

Some of AIW garments have water-repellent or water-resistant coating which stops moisture from reaching the wearer in wet-weather conditions.

AS/NZS 2622:1996

AIW workwear garments meet the requirements of AS/NZS 2622:1996 which outlines the Australian Standard for labelling of fibre content in textile products.

AS/NZS 4399:1996

AIW workwear garments provide protection against ultraviolet radiation transmitted from the sun. The sun protection rating shown is rated at: good protection (UPF 15, 20), very good protection (25, 30, 35) or excellent protection (40, 45, 50, 50+).

AS/NZS 1020:1995

AIW products reduce the amount of static electricity your body conducts by offering a large range of natural cotton fibre products. Our 100% cotton workwear naturally avoids the generation of static electricity.
